

Customer Site

Network Termination Equipment will present either:

- RJ45 (up to 100Mb)
- Single Mode LC (up to 10Gb) presentation

Managed CPE will connect to the NTE

Exchange Connection

Your dedicated fibre terminates at the local exchange or Point of Presence. From here we carry your data back to our core network over a guaranteed path at 1:1 contention.

Connect to the network

Once connected to our Next Generation Network we provide a number of possible services:

- Direct Internet Access
- Virtual Private LAN Switching
- Multi-Protocol Label Service
